Campus: With a sprawling 10 acre campus located in the heart of Bangalore city, GSI provides centers and academic institution for today's youth as one of the Bangalore's finest group of institutions and is persistently built on its unique strength of imparting high quality education through periodic innovations, encouraging business-academia interface and emphasizing on its twin objectives of influencing Practice and Promoting Value based growth.

English Training: We provide English training for our students to make them competent enough to be success in all over the world. Besides that we offer advanced training in grooming.

Labs & Library: College has different setup of labs according to curriculum to provide training in the college premise itself.

We also have spacious, well furnished library with large number of national and international books, journals for the students to reference and to be in up to date with their knowledge.

Transport: Transportation facilities will be provided to the students to travel from hostel to college and to return.

Hostel: "Home away Home" hostels are provided for the girls and boys separately. Hostel warden will be responsible for the safety and security of the students where it is the prime concern of the management.

Food : Healthy, Hygienic and good quality food with regional flavors will be provided to the students

Ragging: Ragging in all forms are banned and is treated as a cognizable offence and punishable as per Anti-ragging act of 1980. Any student found guilty will be dismissed at the discretion of the management.
